

Burn The Witch

Character:

Judge (Giles Corey) - He's a judge and very dumb.

Accuser (Edward Bishop) - A dumbass child. Thinks basic shit is wizardry. Like Sarah plays peekaboo and he's like what the fuck

Witch (Sarah Bishop) - mother, done with this shit. Actually a witch.

Executioner [small role] (Cotton Mather) - looks like reaper from overwatch

Giles

Order in the court! The defendant, Mrs Sarah Bishop, is on trial for witchcraft in the first degree. As we all know, this is a serious crime, punishable by public execution. The plaintiff is young Edward Bishop. Edward, please state your case.

Edward

Thanks your honor. My mom is a witch! Yesterday morning, I was just playing in the living room with my mom, when suddenly she vanished out of nowhere! I thought she was gone forever, and I cried so much! But then she came back, and that's when I started to get the feeling she was a witch! Then this morning, it happened again! I tried calling the police, but this is the 1500's so we don't have a phone! So I yelled really loud and then my mom came back again! And that's when I KNEW she was a witch!

Giles

Bold claims, young Edward. Mrs Bishop, what say you in your defense?

Sarah

Your honor, I did this. *does peekaboo*

Giles

Giles flips his shit Witchcraft! Order in the court! *smacks his gavel on the desk real hard*

Sarah

Your honor, it's just...

Giles

Edward, are there any other acts of witchcraft this heathen commits?

Edward

Uhhh... yes. Last week, I snuck a cookie from the cookie jar, and I was so sneaky, I was sure no mortal person would know I did it! But my mom took one look at me and KNEW I stole a cookie! I bet she was using her mind reading powers or something!

Sarah

Your honor, there was chocolate on his face.

Giles

Uh huh, and how would you know that, if you're not a WITCH?

Sarah

I have eyes, your honor.

Giles

uh huh. You know who else has eyes? Witches!

Edward

Yeah, my mom has eyes on the back of her head! I was sneaking out of the house to go play football with my friends even though I was grounded for stealing a cookie, and as soon as I walked behind my mom she turned around and said "where do you think you're going mister?" She clearly only saw me because of her set of extra witchy eyes!

Sarah

Your honor, the floorboards of our house creak. He's not that sneaky.

Giles

A talking house? Sounds like the lair of a WITCH!

Sarah

sighs Your honor, may I have a chance to show you what I'm doing is not witchcraft?

Giles

Ok, but when I see that it's clearly witchcraft, you're going to be executed.

Edward

Yeah! Execute my mom! Then I can watch Medieval Spongebob whenever I want!

Sarah

Put your hands in front of your eyes, and then take them back off.

Giles

This sounds like one of your evil witch tricks but ok. *he does peekaboo*

Sarah

See? It was just a fun little game. No witchcraft.

Giles

Oh, my god! *for a second, it looks like the Giles finally gets it* I'm a HHHHHHHHHHHHHHHHHWitch! *he doesn't get it* Oh executioner! Come hither! *Giles goes to gallows*

Sarah

No, sir, you don't have to do this, it was just a...

Cotton

May god have mercy on your soul! *Cotton cuts off Giles' head and leaves*

Sarah

Well that was tragic. *turns to son* C'mon son, let's go.

Edward

But mom, are you really a witch?

Sarah

No, son, that's ridiculous. Witches aren't real. How would a witch even do magic? *she picks up a stick* Just like pick up a stick and go bippity bippity boo and wave it around?

Cotton (offstage)

AH WHAT'S HAPPENING, MY SKIN IS TURNING GREEN!! AHHHH- RIBBIT!

Edward

What was that?

Sarah

uhhh... nothing. Let's go home son.
